

Example of a completed baseline sheet

Evaluation Sheets, SHANARRI for CashBack for Communities Funding, YouthLink Scotland

Name: <input style="width: 90%;" type="text"/>	Age: 15
Youth organisation: <input style="width: 90%;" type="text"/>	Today's date: 09/11/17

Is this the first or second time you have completed this form? (please circle) **First / Second**

Fill in the wheel to show how you feel. If you fill in no sections, it means that you **don't** feel safe, healthy, active etc. If you fill in just one section it means that you only feel a **little bit** safe, healthy, active etc. If you fill in all five sections it means that you feel **very** safe, health, active etc.

When you are here (in this youth organisation), how much are you safe, healthy, active, nurtured, achieving, respected, responsible or included?

YOUTH ACTIVITY

SCHOOL

HOME

Please give examples or explain your scores (continue over the page if you need more space).

YOUTH ACTIVITY → Youth workers respect and listen to my input. I love learning to make and try new things.

SCHOOL → Teachers are nice and I feel included. They make sure we are all safe.

HOME → There is always arguing among everyone. There is nothing to do. I achieve nothing at home.

Please return all sheets to: Catch the Light, 15 Hope Street, Lanark ML11 7LZ

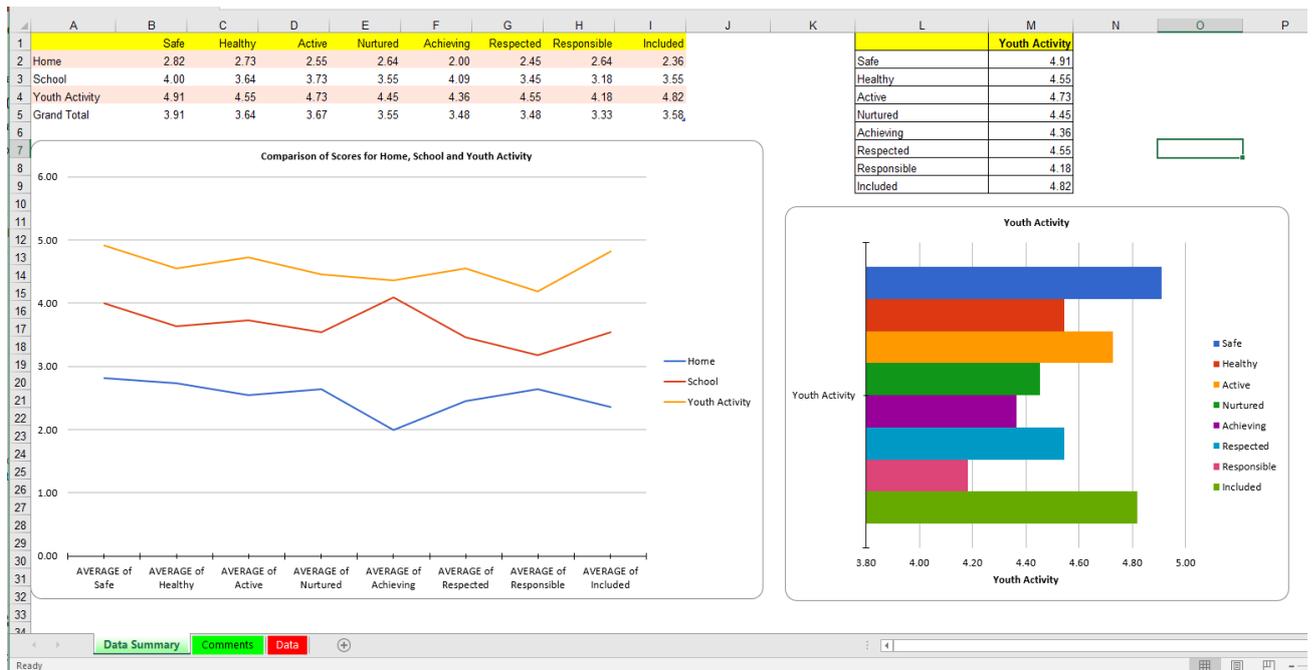

The above is an example of how the 3 wheels can be completed. They should be filled in to explain how safe, healthy, active, nurtured, achieving, respected, responsible or included young people feel when they are taking part in the youth activity, when they are at school and when they are at home.

The SHANARRI wheels should be completed for every young person that is benefiting from the CashBack funding in 2017 to 2018. If your application for CashBack funding stated that you will be working with 10 young people over 10 weeks – all 10 youth participants will complete a baseline.

If you normally work with 100 young people, but only 10 of them are taking part in the CashBack funded activity – you still only need 10 sheets completed as the other 90 are funded elsewhere. However, if all 100 are benefiting from the CashBack funding, you need to gather a baseline from as many of them as possible, even if this takes a few weeks to collect.

The above organisation was able to use their sheets to give themselves a dashboard – basically a spreadsheet which compared all the results. The spreadsheet also stores all the comments and participant data gathered (see below).

Catch the Light is gathering, processing and analysing this information for all CashBack funded youth organisations. We are happy to filter out your information to help your organisation with funding applications and reporting back to stakeholders. We'd also encourage you to send this to the assessment panel with any future bids you make for CashBack funding. Get in touch if you need this.

Remember we're happy to receive examples of individual stories using the link on the [evaluation page](#). Any photos, videos or publicity materials are also a great way to evidence how CashBack is being invested in youth work.

You can email scanned copies of completed sheets and any other evidence to us at tila@catchthelight.biz or post them to 15 Hope Street, Lanark, ML11 7LZ
